## DEATH SUMMONS MRS. WILSON

The nation was grieved Thursday night when the message was heralded throughout the land of the death of Mrs. Woodrow Wilson, wife of the president. The hearts of all loyal Americans go out to the chief executive in his sorrow. At a time when his own heart and mind is strained almost to the uttermost with the cares and anxieties of his great office, there comes the severing of a tie of love and companionship that only those who have tasted can attest. May the God of all sustain him.

## REFLECT UPON THIS

There has been considerable said pro and con during the last few months concerning the Warnes Law. In the first place it was not expected that small counties like Medina could show results like the larger and more wealthy counties.

In Medina County the tax duplicate has been raised from \$401,709.00 to \$422,343.65, an increase of \$20,634.65. That means an increase (if the taxing districts levy up to the limit under the Smith 1 per cent. law) of \$20,634.65 available for public purposes.

That is NOT ALL. The state duplicate has been increased nearly \$1,000,000.00, which enabled the legislature at the special session called by the Governor to REDUCE the state levy from .961 mills to .450 mills.

Last year Medina County paid the state \$38,604.24. This year if the levy had not been REDUCED, the state tax would have been \$40,587.22; but since it HAS BEEN REDUCED, Medina County will pay \$19,005.46, which SAVES THE COUNTY \$21,581.76. HOW DO YOU LIKE IT?

Add to that what the increased duplicate makes in taxes and we have the sum of \$42,216.41 THAT CAN BE CREDITED LARGELY TO THE OPERATION OF THE WARNES LAW.

## WATCH THE BUDGET COMMISSION

In some of the counties the budget commissions, whose members are not so careful of the taxpayers' money as they should be, are using the argument that they cannot reduce estimates that come within the limits of the Smith one per cent law. This is done to increase taxes in face of the tremendous increases to the duplicate.

For the benefit of property owners whose money the budget commissions appropriate, the State Tax Commission under authority of law has announced that the budget commissions can reduce estimates coming within the Smith law limitations when errors and unnecessary items are found. County auditors have been so instructed, but seem inclined to ignore the rule.

The procedure in such cases is for the county auditor or budget commission to call in the local official submitting an estimate, call his attention to the error or unnecessary item and order him to either eliminate it or reduce the amount.

There is no excuse for increasing the rate in the face of the additions to the duplicate.

It must be a "frightfully extravagant" administration that can provide liberally for all needs of the government and cut the State levy in half in the same year.

ALDRICH B. UNDERWOOD  
Candidate for Prosecutor.  
Medina County Friends:

I want to ask my party's support at the coming Primaries. You will remember that no other Democratic candidate is in the field. In fact, no Democratic petitions were filed for this particular office. The Primary ballots will therefore be printed blank. To insure my nomination, may I please request you to write my name in with your pencil, when you mark your ballot on August 11.

If you will pardon me, I will state briefly my qualifications. I was born and raised on a farm in Granger, graduated from its Centralized and High Schools; spent 1 year in post-graduate work; studied 4 years thereafter in Oberlin college, graduating with the A. B. degree; and later yet, studied law 3 years at Harvard and Western Reserve Universities, graduating with the degree of L. L. B. I am now a member of the Ohio Bar and engaged in practice. I am married, and will make my home at the county seat.

Thanking you in advance for whatever assistance you can lend to my candidacy, I am,

Very truly Yours,

ALDRICH B. UNDERWOOD.

## POLITICAL ADVERTISEMENT

## TO THE DEMOCRATS OF MEDINA COUNTY

I am a candidate for Congress to succeed myself, in the new 14th district.

My opponents have widely circulated the statement that I have not supported the Wilson administration.

I give below the name of the bills, the number of the session and the page of the Congressional Record showing that I voted for these measures. I supported them otherwise to the best of my ability.

There was no need to have mis-stated this, if the truth was desired. All my official acts are matters of record and this record is in the hands of my opponent. Many other mis-statements have been made which may be credited in the two counties of Lorain and Medina where I am not known, but they have received no credence in the counties of Summit and Portage where the people know that I have kept the faith and have rendered the district efficient service.

My vote is as follows:

Tariff Bill, 1st session—page 1387—voted FOR

Banking & Currency, 1st session—page 5109—voted FOR.

Income Tax Bill, 1st session—page 1830—voted FOR.

Lobby Investigation, 1st session—page 2353—voted FOR.

Alaska R. R. Bill, 1st session—page 3836-3837—voted FOR

Employees Arbitration 2nd session—page 2442—voted FOR

Farm Extension Work, 2nd session—page 2001—voted FOR

Tolls Repeal, 2nd session—page 6321—voted FOR

Trade Commission, 2nd session—page 10746—voted FOR

Anti-Trust Bill, 2nd session—page 10745—voted FOR

To vote against me on this record would only mean disapproving of this Democratic legislation.

If you vote in the August 11th Primary to censure me because of this record, it cannot be other than an indirect censure of the Administration and the great work of the Democratic party in Congress.

I am quite confident that the Democrats and the people generally whom I have not had the pleasure of meeting, will not be entirely credulous respecting many of the statements made against me by those who have been misled, or who, for other reasons, desired to place me in a false light. I have been thru the fire test of two campaigns in the district having the largest Republican majority in the State of Ohio. All my faults have been fully considered in those campaigns, still I was elected. I think many in the new part of this district will learn that I am not quite as bad as pictured by my opponent.

Respectfully yours,

E. R. BATHRICK

## ANNOUNCEMENT

Having decided to become a candidate for the office of Common Pleas Judge in and for Medina County, I herewith submit my candidacy to the voters thereof, with the expectation of meeting as many of them personally before next November 3rd as I may be able.

I was born and reared on a farm in this county under the principles of the Republican Party and still adhere thereto, was admitted to the bar in June, 1905, and practised the profession since, have not heretofore held any political office, and have not asked for or received the united support of the bar for my office, for in my judgement the office of Common Pleas Judge should be filled by the voters and not by the bar of the county.

Within the last three years I have been investigated very closely by an unfriendly committee and in a court of justice found absolutely clean and

honest, the facts of which will more fully appear in the Circuit Court records in the County Clerk's office at Medina.

I am in favor of all laws that will hasten and reduce the expense of litigation when it will give absolute justice and a square deal to all parties interested therein.

As all candidates for judicial offices are put on the judicial ticket, I therefore solicit the support of all voters with whatever party they may be affiliated in this county, and if elected, will to the best of my ability, give all litigants and parties concerned in the office of the Court of Common Pleas, a clean and honest square deal, as I am not owned by any man or set of men and free to act in the best interests of all litigants and the public welfare without fear, favor or prejudice.

Medina, O. Aug. 7, 1914.
